The pharmacies on this list have been identified as currently stocking naloxone by the pharmacies' corporate offices. DHMH does not independently verify naloxone availability generally or of specific naloxone products. Individuals should specifically ask to speak to a pharmacist about naloxone. This list is updated bi-annually.

Click on the "County" Name to be taken to the list of pharmacies in that county.

Clicking on the County Name to find a Google Map requires that you have internet access. Once you click on the link, you will be taken to a Google Map that displays the pharmacies listed in this directory. If you do not have access to the internet, this feature will not work. In order to look up more than one county, you will need to have multiple tabs open in your browser. Google Chrome is recommend.
