A MOTHERS EXPERIENCE

As a mother, I cannot express enough gratitude for Nick's Place. When Mark was a resident, I knew he was safe, which gave me much-needed relief and peace of mind. Nick's Place goes beyond helping young men recover, they support them in creating a good life. Mark has transformed into a responsible and motivated individual, and none of this would have been possible without the guidance and support he received.

My son now has a thriving relationship with our entire family, including his brother Bruce, and they have developed an incredibly close bond, constantly supporting each other. Additionally, Mark has found love in his life with a kind and intelligent woman, Jackie. These relationships would never have been possible if he had not continued everything he learned while he was a resident. We are eternally grateful for the tremendous support Nick's Place has provided my son and our family, and we hope they continue to thrive, helping other young men for many years to come.

- LIZ D.
